Why Meeting Planners Choose Steven!

Expertise.

He has appeared in more than 40 countries, before millions of people in over 15,000 live performances.

Steven Diamond is the **only** speaker whose expertise delivers a magical crowd thrilling experience with his appearance in the areas of:

How To Be Happy For Life!

Stress & Anxiety Management

How To Break The Ice In Sales & Marketing

Freshness. How to stress less, be happy and breaking the ice in sales are topics that have been done to death, but Steven gives it new life using the art of magic and illusion as a metaphor to illustrate key points in his thrilling presentations! He IS NOT the next Dale Carnegie or the next Jerry Seinfeld.

In fact, he's not the next ANYBODY - he's just Steven. That's it.

Diamond Global Media, Inc.

Longevity. With Steven, the speech is only the beginning. He stays afterward to answer questions and stays in contact for follow up with the client beyond the platform.

Fun! Past clients have raved about the level of magic and excitement Steven brings to the stage. Also, tens of thousands of audience members will agree that Steven is, in fact, hilarious.

Adaptation. Steven will arrive early - even an entire day - to learn about the audience, the environment and how to adapt his program to your venue.

Congruency. There is no difference between Steven's life and Steven's work - both are a manifestation of his passion: connecting people to their inner self one heart at a time.

Originality of content. No old jokes, overused stories or examples. Every one of Steven's techniques and true stories is 100% original material based on years of personal experience combined with field and textual research.

Integrity. Because Steven works with companies and organizations who want to be more relaxed, he too is approachable. If you need to contact him, he will be extremely easy and accessible to get in touch with. If you email him, he'll call you back that minute. And if you call him, he might show up at your office.

Added Value. If you book Steven, you book a speaker, world class entertainer AND a writer. As an author, columnist and storyteller, Steven will write customized articles for your publication or newsletter with great stories and tips that will go the extra mile for your audience members far beyond the platform.

Memorable presence. Your audiences aren't expected to remember every word from every speaker they ever heard. And there's the difference - Steven's audiences always agree on one thing: they never forget their experience!

Additionally... Steven can even create custom, meaningful, magical and even educational give-a-ways or full stage illusions using your companies logo and/or message.
